## 1 Introduction

### Unaudited Quarterly Regulatory Disclosure Statement

This Unaudited Quarterly Regulatory Disclosure Statement complies with the Banking (Disclosure) Rules under section 60A of the Hong Kong Banking Ordinance.

These banking disclosures are governed by the Bank's disclosure policy, which has been approved by the Board of Directors. The disclosure policy sets out the approach to determine the content, appropriateness and frequency of the disclosures, the approach to ensure the relevance and adequacy of the disclosures, and the internal control over the process for making the disclosures. The disclosures have been subject to independent review in accordance with the disclosure policy.

Prior period disclosures as required by the Banking (Disclosure) Rules are available on our website: [www.livibank.com](http://www.livibank.com).

### Basis of preparation and consolidation

The capital ratios were calculated in accordance with the Banking (Capital) Rules ("BCR") of the Hong Kong Banking Ordinance. In calculating the risk weighted amounts, the Bank adopted the Standardized (Credit Risk) Approach and the Standardized (Market Risk) Approach for credit risk and market risk respectively. For operational risk, the capital requirement is calculated using the alternative approach communicated to HKMA pursuant to section 340 of the BCR.

As of 30 September 2021, the Bank does not have any subsidiaries.
